

linea mini

**A La Marzocco classic
redesigned for the kitchen**

The iconic design and performance of a La Marzocco comes home with the Linea Mini.

Inspired by the Linea Classic, the Linea Mini comes with dual boilers and an integrated brew group that allows the machine to achieve the temperature stability and energy efficiency of the saturated brew group in a reduced footprint. The Linea Mini is handmade with the same components used in our commercial machines to ensure the same durability that the Linea Classic has become famous for.

With PID and a temperature adjustment wheel, the Linea Mini provides all the features necessary to make the pursuit of the perfect espresso attainable at home.

Colors

The Linea Mini comes in Stainless, Black, White, and Red color options to match your personal style.

North America Linea Mini Features and Specifications

Dual Boilers

Separate boilers optimize espresso brewing and steam production.

Integrated Group

A combined boiler and brew group achieve thermal stability in a reduced footprint.

Indicator Lights

Lights provide user feedback on heating and water level.

Hot Water Spout

Convenient spout for rinsing portafilter between shots.

Thermal Stability System

As water passes through each feature, temperature is further stabilized.

Internal Pump

Self contained pump without compromising performance.

PID Control

Stepped temperature wheel allows for user adjustment.

Water Reservoir

A self contained 2 liter water reservoir makes plumbing optional.

Barista Lights

LED lighting allows you to focus on your extraction and the cup.
